

Stinging Nettle Workshop: String & Nets

2 Day Klukwan Workshop

When: Wednesday 7/28 1-4pm

Sunday 8/1 1-4pm

Where: Klukwan School Playground

Learn to harvest nettles for fiber and make your own cordage in this hands-on workshop. Visiting craftsman Nate Johnson will guide participants through harvesting and processing, and share information about the gillnet he made from nettles fiber. He'll have the net on hand to observe the materials, styles, and techniques used in the process.

Bring gloves and a knife or clippers for harvest and processing.
